

PETER HANY ZAKI

MARKETING, BRANDING & AI AUTOMATION SPECIALIST

Email: Eng_peter_hany@hotmail.com | Phone: +20 101 926 8416 | LinkedIn: linkedin.com/in/peter-zaki-4494243b7 | Location: Cairo, Egypt

PROFESSIONAL SUMMARY

Dynamic and results-driven professional seamlessly bridging a robust Mechanical Engineering foundation with advanced expertise in digital marketing, brand strategy, and AI business automation. Proven track record of architecting over 100 automated workflows using n8n and implementing enterprise CRM systems to scale operations and accelerate revenue growth. A Claude AI specialist proficient in the comprehensive Microsoft 365 suite, leveraging generative AI (Midjourney, Kling AI, Runway, Higgsfield) and responsive web design to execute high-converting marketing campaigns across the real estate, retail, and hospitality sectors. Adept at driving digital transformation through innovative thinking and cross-functional leadership.

CORE COMPETENCIES & TECHNICAL STACK

AI & Automation Workflows:

n8n System Architecture (100+ flows), Claude AI Specialist, Prompt Engineering, OpenClaw, OpenAI API.

CRM & Digital Marketing:

CRM Implementation & Lead Management, B2B/B2C Strategy, SEO, Ad Creation, Social Media Campaigns.

Software & Enterprise Tools:

Microsoft 365 Suite (Excel, PowerPoint, Word, Teams), Docker, GitHub Codespaces.

Generative AI & Media Production:

Midjourney, Runway, Higgsfield, Kling AI, Luma Dream Machine, ElevenLabs.

Web Design & UI/UX:

Website & Landing Page Builder, Figma Prototyping, Adobe Creative Suite, Canva.

Engineering & Project Management:

CAD (SolidWorks, AutoCAD), MEP & Firefighting Design, Agile Execution, Risk Assessment.

PROFESSIONAL EXPERIENCE

Digital Marketing & AI Automation Specialist | *Pyramid Pixel*

- Designed, deployed, and scaled over 100 complex automated business workflows using n8n to streamline data management, lead routing, and precise CRM synchronization.
- Operated as a Claude AI Specialist, seamlessly integrating Large Language Models (LLMs) into daily business operations to dramatically enhance productivity and client interactions.
- Leveraged the full Microsoft 365 suite in tandem with automated pipelines to generate comprehensive client delivery reports, analyze data, and synchronize internal team communications.
- Built high-converting websites and customized marketing landing pages, optimizing user experience (UX) and technical SEO for robust client growth.
- Produced highly engaging digital media, promotional hooks, and video edits utilizing advanced generative AI tools (Kling AI, Runway, Higgsfield, Midjourney).

Marketing Specialist | *Coldwell Banker (Real Estate)*

- Spearheaded end-to-end digital marketing initiatives and targeted campaigns tailored specifically for high-value real estate markets.
- Utilized advanced CRM systems to meticulously track property leads, monitor campaign ROI, and nurture client relationships through the sales funnel.
- Leveraged Microsoft Office tools to formulate analytical reports, enabling data-driven marketing strategy pivots and competitive market assessments.

Branding, UI/UX & Marketing Strategist | *Freelance Consultant*

- **Zalat: The Stone & Smoke (Hospitality):** Conceptualized the complete brand identity for a premium fresh-cooked meat restaurant. Defined cooking methodologies (2.5 - 3 hours pit-roasting on volcanic stones) and designed bilingual (Arabic/English) menus.
- **Sira App (Tech/Tourism):** Designed end-to-end UI/UX user flows in Figma for a localized mobile travel application, facilitating activity bookings and aggregating B2B hotel contact databases.
- **Plant Chant & Retail (E-commerce):** Directed commercial video campaigns, formulated AI-generated scripts, and executed integrated marketing strategies for diverse retail outlets and hypermarkets.

Site Engineer | *KCCEC (Sabah Al-Salem University City Project)*

- Supervised on-site mechanical and civil executions for the Kuwait University mega-project, consistently meeting strict deadlines in highly demanding environments.
- Delivered precision MEP designing solutions, verified civil plans, and drafted compliant firefighting layouts.

Engineering Intern | *Gulf Consult | IEP | Huawei*

- Recognized by Gulf Consult management for excellent written communication and industrious project contributions.
- Acquired a cross-functional technical foundation in mechanical systems, electrical projects, and mobile network awareness.

NOTABLE PROJECTS

- **Motivista Magazine:** Founded and currently manage an online publication driving engagement through rigorous professional research, high-quality writing, and creative video content.
- **Portable Bio-Mechanical Tensile Testing Machine:** Spearheaded a university graduation project focused on sustainable engineering, successfully reducing specialized grip production costs from over \$500 to under \$10 via innovative design.

EDUCATION

- Mahsa University** | Coursework Completed
- Australian University of Kuwait** | Bachelor of Mechanical Engineering
- Australian College of Kuwait** | Diploma of Engineering - Technical (Mechanical)
